## RESIDENCY PROGRAM

## INCUBATOR INFORMATION

Vitalstatistix Theatre Company (VITALS) invites artists to submit expressions of interest for its Performing Arts Residency Program. The Incubator Residency Program aims to provide professional development opportunities for individuals or small groups of artists in the development, experimentation and mentorship of new works. Projects that show outstanding potential may subsequently be considered by Vitals for further support and development as part of its future programming.

A budget of up to \$3,000 has been allocated to each residency for artist fees, mentoring fees and production costs. Typical residencies will run between 2 to 3 weeks and artists will have full use of the Vitals performance studio: Waterside, and access to a range of facilities and services during this period.
